

Job Description

JOB TITLE	Field Service Engineer – West London
REPORTING TO	Customer Services Delivery Manager
PROPOSED SALARY	£Competitive

OVERVIEW

Intellident is the leading UK system integrator for solutions based on Radio Frequency Identification (RFID) technologies, which are already revolutionising many areas of business where bar codes have previously dominated. Part of the £1.2 billion LINPAC Group, Intellident has already secured the world's largest contract for the roll-out of RFID technology in the retail supply chain.

To support our aggressive growth, we are looking for an experienced Field Service Engineer in the West London, Hertfordshire or Berkshire area to support our RFID Systems at client sites. Driving licence is essential.

KEY JOB RESPONSIBILITIES

- Perform modular break fix onsite support of Intellident supported equipment
- Complete documentation, such as Field Service reports
- Maintain car boot stock completing periodic stock checks as and when required
- Act as an ambassador for the company and products

SECONDARY FUNCTIONS TO INCLUDE

- Where necessary perform off site / workshop repairs
- Customer training
- Documentation
- Any other tasks

KEY SKILLS

- Trustworthy
- Hold a full UK driving licence
- Flexible & Adaptable
- Able to work at heights
- Previous experience in a field service role (electronics or IT based)
- Hold an M.E.W.P licence
- Must be willing to stay overnight occasionally.
